Although our families provide us with sense of love and support, good friends are also an important part of an individual's life. They are there for us in good times and in bad times, helping us to face life's challenges and sharing in our joys and achievements.

Write an essay describing how friendships help us face the challenges we may encounter during our lifetimes. You may describe how you helped a friend overcome a challenge or how you were helped through a difficult time by a friend, or your essay may focus on how friends support us and encourage us to achieve our best.

The essay should be no more than 200 words.
