

Tamaqua Raider Band

Alternate Disembarkment Form

The Tamaqua Area School District provides transportation for its Raider Band from a point of departure (usually from the middle school Auditorium entrance) and returning to that same point. It is understandable that due to the vast expanse of our district, it is sometimes more convenient for individual band member to disembark following an activity before reaching the original point of departure.

In order to insure the safety and well-being of the student who does not return to that original point of departure, it is required that the band director/assistant band director and parent/guardian grant permission by properly signing their names at the bottom of this statement. Likewise, the student's name must appear in the proper place and the exact point of disembarkment must be specified below. A form must be filled out for every event which the student will be disembarking. This form must be given to the bus captains and or band director upon arrival. They will then be signed by the band director. At the end of an event, all students who are disembarking must be picked up at their busses and the form must be signed again by the parent/guardian. If students are being picked up by someone other than the parent/guardian, that authorized person's name must be filled in the form below. That person will need to sign their name when picking up the student. Extra forms are available at all times in the band room.

Date: _____ Bus #: _____

Name of Student : _____

Approved point of disembarkment : _____
(event which the student will be disembarking)

Signature of Parent/Guardian : _____
(prior to event)

Person Authorized to pick up student : _____
(if other than parent/guardian)

Signature of Band Director : _____
(signed prior to event)

Signature of Authorized Person at Point of Departure:

All Students must be picked up at their bus. NO EXCEPTIONS!
